Dear Sir/Madam

**Proposal to construct an additional ten bathing boxes**

We write to advise you of the opportunity to comment on a proposal to construct an additional ten bathing boxes on Dendy Street Beach.

The new bathing boxes would be constructed by Council and the licenses sold for private use, netting up to \$150,000 each. These funds are proposed to be used to improve Dendy Street Beach, including construction of the new life saving facility and refurbishment of public toilets.

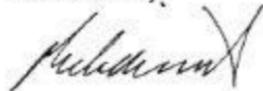

At times there have been up to 120 bathing boxes along Dendy Street Beach. There are currently 86 bathing boxes and two more will be built by the end of 2013. The proposed 10 bathing boxes are in addition to the two already approved to be built this year.

The location of additional bathing boxes is somewhat limited by ecological and inundation considerations. The draft Dendy Street Master Plan identifies areas south of Norwood Avenue where the further 10 bathing boxes are proposed to be constructed.
